## [BLOG] 4 Ways to Improve Patient and Staff Experience!

Call Box and NexHealth are both great tools to enhance your patient and staff experience on their own, but our integration takes it up a notch. In this blog, we'll share how our integration works, and give you **4 practical ways you can serve both your patients and your staff!**

## CHECK IT OUT

**[PRODUCT FEATURE] The Best Practices For Bridges**

A phone bridge is a pre-recorded phone menu that allows patients to select where they want their calls to be routed and immediately directs their calls to the right area within your practice. A few benefits of a bridge include detailed and more accurate reporting capabilities, time saved by automatically sorting the calls that matter to you the most, and significant reduction in robocalls connecting to a person. Utilizing this tool will undoubtedly **improve connection rates and enhance the patient experience!**
