CLOUD PHONE SYSTEM

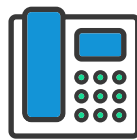

REPLACE YOUR OUTDATED PHONE SYSTEM WITH A RELIABLE, FLEXIBLE CLOUD-BASED UNIFIED COMMUNICATION SOLUTION.

Turn your phone system into an operational asset rather than a constant, expensive headache. Car Wars' partnership and integration with GoTo Connect is the smarter, simpler solution for your dealership's communication needs.

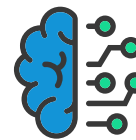

CUT UNNECESSARY EXPENSES

Get rid of legacy hardware, service contracts, and maintenance requirements just to keep your existing phone system functional. Leverage a cloud-based solution that costs a fraction of most legacy phone systems.

IMPROVE CONNECTION RATES

Enable your staff to deliver a seamless communication experience irrespective of where they are physically located. Make and receive phone calls and text messages within the constraints of your business phone system with desk phones, mobile and desktop apps.

INTELLIGENT CALL REPORTING & CRM INTEGRATION

Easily surface phone calls and text messages by caller phone number, staff member that handled, phone number dialed and even call outcome. Car Wars aggregates raw inbound, outbound, and text data from your GoTo Connect phone system to provide digestible and actionable reporting and CRM integration, whether the call was handled on a tracking line, desk, or mobile phone.

CRM Integrations: DealerSocket, Elead, VinSolutions, DriveCentric and more
